

Welcome
to the ABC's
of parking,
pick up & drop off at
River Valley School.

This list is not inclusive of all etiquette, but with the map (for EC) should support a smoother morning drop off and afternoon pick up. Arguably, the EC has a trickier process as we are in a very dense area and have a lot of people to move.

When possible, park and walk in to pick up your children. Otherwise, parents and guardians must follow our very simple rules in the next section.

You will find that things move much better when we all follow the same expectations, and most importantly, your children, my staff and the community in general are all safer as a result.

Thank you in advance! - Erin Corbett

- DO NOT park or leave your vehicle unless it is in an appropriate parking space.
- DO NOT park or pull a U Turn at the island (at the EC). This is a NO STOPPING ZONE.
- Where it says No School Parking, please abide by these signs. These spots belong (at EC) to our Landlords in the surgical centre.
- Do not block people into their driveways (at ELC) or when parking in the neighborhood.
- Drive Slowly in the area! 30 Km is the *fastest* anyone should be driving on our surrounding streets & parking lots should be 10-15 Km.
- BE AWARE of the people, big and small, that are crossing parking lots & streets.
- BE AWARE of vehicles if you are a pedestrian in parking lots & streets.
- Please remember that we have neighbours who need to get places as well and be respectful even if they aren't always.
- Be calm and patient when others forget good etiquette, remembering that little people are watching & listening.
- Call the school and speak with Administration about questions or concerns.

PARKING,
PICK UP &
DROP OFF
