

# RVS AGM

How can 6 little letters mean so much?

## No ordinary AGM...

June 1, 2017  
5-6:30pm

Elementary Campus

Wine & Cheese to enjoy before, during and after!

We know that the last corporate AGM you attended was hardly something to write home about, but the RVS AGM has been *live tweeted*. Yes, it's THAT exciting!

Our AGM is a time to reflect on the year and provide highlights & goals for the upcoming year. It's a time for you to ask questions and connect with your school community.

STEM Learning Lab will be in attendance to talk about the **Coding that ALL students grade 1-6 will be learning next year** (and have already started). We will be discussing a **new reporting structure** to provide clarity with grade level achievement and a **new Academic Leadership model** to continue to meet the needs of our students.

**If you are an ELC parent**, did you know that at the EC your child will get **AIM French? 3 hours of Art & Drama a week? Kodaly music? Be able to run for Student Government? Participate in our Annual Spelling Bee? Compete on our STEM team, with The Rapids athletic teams and more?**

This is where you'll hear about all of these amazing things!

We have a wonderful story to tell you about our future. Please [rsvp@rivervalleysschool.ca](mailto:rsvp@rivervalleysschool.ca) We will provide free childcare if you indicate it's required.
